The AZIMUTH coverall is designed for professionals tackling demanding tasks in hazardous marine and industrial settings. Crafted from high-quality 100% fine cotton twill, it provides excellent breathability and a comfortable, ergonomic fit that supports freedom of movement during long shifts. Reflective elements enhance visibility in low-light or high-risk environments, promoting safer working conditions. For added functionality, the AZIMUTH is equipped with multiple practical pockets for tools and essentials, along with reinforced compartments for knee pads to ensure added protection and comfort during kneeling tasks. Combining durable construction, certified protection, and smart work-ready features, this coverall is a reliable choice for those who need performance without compromise.
