EN ISO 20471

Specifically developed for the extreme conditions of marine and offshore environments, the BERING coverall provides dependable flame-retardant protection, high visibility, and exceptional durability. It is made from an advanced, lightweight cotton-nylon fabric reinforced with antistatic carbon yarn and treated for multi-hazard protection—including resistance to flames, static discharge, limited chemical splashes, and oils. Combining high safety performance with breathable comfort, this garment is ideal for oil and gas professionals operating in warm or hot climates. The BERING coverall complies with key international safety standards while maintaining a clean, professional appearance suitable for both operational and supervisory roles.

FEATURES

Advanced Fabric Technology

Innovative flame-retardant fabric (260 gsm) with elegant 4/1 satin weave

Cotton-nylon blend with embedded antistatic carbon yarn

Composition of fabric – 87% cotton, 12% nylon, 1% antistatic

High tear resistance and extended garment life cycle

Multi-risk protection against fire, acids, oil, grease, and water

Safety & Compliance

Hi-Vis orange base color

Reflective tape 50 mm (2.0 in) on shoulders, arms and legs for enhanced 360° visibility

Meets HRC Level 2 (NFPA 70E) with ATPV 8.2 cal/cm²

Safe for use in explosive atmospheres thanks to ESD protection

Functional & Comfortable Design

Multiple utility pockets:

-chest, pen, mobile telephone/walkie-talkie and sleeve pocket;

-two side, one back and torch / hammer pockets

Action back and elastic waistband for increased mobility and comfort

Two radio/gas loops

Adjustable at: wrists and waist

Velcro strips for rank badges (additional strips can be added)

Two-way zipper closure

Industrial washable, breathable and abrasion-resistant
