PIQUE POLO SHIRT

Introducing the PIQUE POLO SHIRT, a versatile and professional polo designed for marine crews, offshore personnel, and industrial work environments. Combining comfort, durability, and classic maritime styling, this premium polo shirt delivers a smart appearance suitable for onboard duties, dockside operations, and everyday professional wear.

Manufactured from fine soft cotton-polyester pique fabric, the PIQUE POLO SHIRT offers excellent breathability, natural stretch, and long-lasting comfort throughout extended working shifts. The balanced fabric blend provides durability while maintaining a soft feel against the skin, making the polo ideal for active marine and industrial environments.

Designed with a ribbed collar and sleeve cuffs, the shirt maintains a clean professional appearance while ensuring a comfortable fit. The classic buttoned placket enhances versatility for both operational and casual maritime settings. Excellent colour fastness and low shrinkage properties ensure reliable appearance retention after repeated washing and daily use.

Suitable for marine crews, port personnel, hospitality teams, and industrial staff, the PIQUE POLO SHIRT combines practical comfort with timeless professional styling.

Origin - Designed for professional marine and industrial use
